

Proven. Committed. Experienced.

Training Today's Warriors for Tomorrow's Challenges™

A reliable partner in Fleet readiness for 16 years. ATAC supports US military training around the clock, around the world and across three continents, six permanent facilities and multiple deployed air fields. ATAC's stable of 25 tactical fighter aircraft consists of three distinct airframe types uniquely selected to meet the rigorous and demanding requirements established by the US Military to ensure superlative training at a cost savings to US taxpayers.
